

## Year 1 SEAC Mental Maths Homework for Autumn Term 2

This half term your child will be working on these targets in their mental maths learning.

<b>Adding 1 to numbers 0-10</b>
<b>Adding 2 to numbers 0-10</b>
<b>Adding 3 to numbers 0-10</b>
<b>Adding 4 to numbers 0-10</b>

The minimum expectation of engagement in mental maths homework is the same as reading.

**3 times a week for at least 5 minutes each session.** Below are some suggestions for activities you could do in a 5 minute session. **Please inform us of 1 activity you complete each week on your child's portfolio on DOJO, we will check your homework every Monday. Thank you, KS1 Team.**

Verbal	Practical	Written
<p>Partner games: Someone says a number Eg: 5 and your child says what 5+3 is equal to.</p>	<p>Children could count foods like pasta or peas. Maybe use Household objects or toys to add 3,4,5. You could do it in the bath when eating your meals or playing with your cars, dolls, teddies or lego.</p> 	<p>A selection of calculations written for the child to practice Eg: 2+ 3 = 1+5 = 5+4 =</p>
<p>Chanting or singing 1+3 is 4, 4+4 is 8. Your child might enjoy the songs/games on the following links: Adding 3 song <a href="https://www.youtube.com/watch?v=3S8HcXFCBXU">https://www.youtube.com/watch?v=3S8HcXFCBXU</a> Adding 4 song <a href="https://www.youtube.com/watch?v=q2B1i1hK9pA">https://www.youtube.com/watch?v=q2B1i1hK9pA</a> Adding 5 song <a href="https://www.youtube.com/watch?v=UNMRI_ZYmA">https://www.youtube.com/watch?v=UNMRI_ZYmA</a></p>	<p>You say out loud a number Eg: 4 and your child has to do 4+3 star jumps or action of your choice (hops, stretches, claps). Try to do this for adding 4 and adding 5 too.</p> 	<p>Match the answer to the written calculations. 2+3 <del>          </del> = 8 6+4 <del>          </del> = 5 3+5 <del>          </del> = 10</p> <p>Don't forget to take a photo and post it on your dojo portfolio!</p>
<p>Read out number sentences Eg: 4 + 3 = 7, 2 + 4 = 6, 3 + 5 = 8, 6 + 3 = 9 Record yourself and listen back to your magic maths sums.</p>	<p>Go on an Autumn hunt Find twigs, acorns, leaves or conkers etc and use them to add 3, 4, 5 Say 3 leaves add 4 conkers equals 7</p> 	<p>Ask your child to be the teacher and mark the calculations you have written. (You need to write some incorrectly for them to mark too. Eg 4+3 = 5    6+3 = 9</p>

### Family fun

Think about your family.

Ask siblings or cousins their age and add 3, 4, and 5.

How old would they be?

How old are you? Now add 3, 4, 5

Make some skittles using empty bottles then number them 1-10 or how many bottles you have then +3, +4, +5 to the number you knock down. Have fun and maybe someone will play with you.

Draw and write number sentences. You can draw what you like.
