Dear Parents / Carers

SCHOOL DROP OFF IN THE MORNING

It has come to my attention that some children are being dropped off on the zig-zags in a morning, and the children then walk unaccompanied to the playground.

This is not acceptable, and is a safe guarding concern. All children must be brought onto the school premises by an adult and supervised until they enter school.

There is strictly no parking allowed on the zig-zags and this is both dangerous to the child being dropped off and to other pedestrians.

I do understand that parking is difficult at the school but the safety of all our children is paramount.

Thank you in advance for supporting me on this matter.

Yours sincerely

Mrs S Machin
