Dear Parents/Carers

Slapped Cheek and Chicken Pox

Following yesterday's letter about Hand, Foot and Mouth, please be advised that the school also has one confirmed case of Slapped Cheek and one confirmed case of Chicken Pox.

We have contacted the Health Protection Agency about the illnesses in the school and they have advised parents to refer to the NHS website if they are concerned: www.nhs.uk.

We are taking steps within school to limit the spread of these ailments and to reinforce to the children the importance of personal hygiene.

Please can you encourage your child to always wash their hands and to cover their noses and mouths when coughing or sneezing.

There are also a number of coughs and colds doing the rounds therefore **donations of boxes of tissues for use in the classrooms would be most appreciated.**

We will continue to monitor the situation in school and keep you informed.

Kind regards

Nina Sigley
Clerical Assistant
