Dear Parents/Carers

### **School Garden Donations for the Hedgehogs Class**

The Hedgehogs garden project is to create a flowerbed, in our school garden, on the theme of 'The River Churnet'. As part of our 'Knowledge and Understanding of the World' learning we will be designing, planting and taking care of our flowerbed.

Our aim is to have an array of blue plants to represent the river. To enable us to do this we need your help in providing donations of:

- Blue plants e.g. Lobelia, Ageratum, Petunia
- Grasses that can be planted along the river banks.
- Unwanted/old children's wellies (small sizes) that can we used for planting.

If you could send in your plant donations after the half term holiday this would be greatly appreciated.

Thanking you in advance for your support with this project. We know with your help, the Hedgehogs will have a winning flowerbed!

Many thanks,

**The Nursery Team**
