Dear Parents/Carers

School Garden Donations for the Bats Class

Our school is taking part in the annual School Garden Competition. The Bats Class garden project is to represent the 'school badge' in our allocated flowerbed.

During our science lessons we will be thinking about the parts of a plant and what plants need to grow in turns of light, water and soil etc. As well as longer term care of plants.

We would like your child to bring in either a white or dark red/burgundy plant that your child can plant in our bed on Wednesday 5th June.

In addition if you would like to bring a plant in a container relevant to school life then we will also include this in our class garden bed. This could be a pencil pot, P.E. pump, lunch box etc.

After planting we will continue to visit the garden to tend to the plants and watch them grow. Let's try and make the Bats Class the best garden area in school!

Thank you

Mrs Hordern
