

Wednesday 11th September 2019

Dear Parents / Carers

As you may be aware it is National Democracy week, week beginning Monday 14th October 2019.

The Government Agenda and Brexit is 'big news' for all of us including our children, and because of this we really want to raise awareness and understanding of voting, democracy and the role of the Local MP's and Government.

In response to this, we want to hold a week filled with inspiring activities, culminating in our own democratic pupil council election on Friday 18th October 2019.

As part of this, we have invited Karen Bradley into school, in her role as a local Member of Parliament for the Staffordshire Moorlands.

On Friday 18th October 2019, she will look at all the fantastic work that we have done. She will also be talking to our children about her role at a local and Government level. In addition to this, she will present the newly elected school council representatives with their badges.

She will also be holding a short question and answer session with the children. Obviously, we would like our children to be prepared for this and want to get you as parents / carers involved too. Please discuss this with your child and if they would like to ask a question, send it in to school on Monday 14th October 2019. We will then discuss all questions as a class and decide upon the ones that we will ask on the day. If your child asks a question to Karen Bradley, it will be videoed and added to Twitter.

Thank you for your continued support

Mrs E Clifford
Assistant Principal
