

**Learning and Caring Together,  
“...they will flourish in the courts of our God.” (Psalm 92:13)**

Thursday 9<sup>th</sup> January 2020

Dear Parents / Carers

You may already be aware that over the last several years the government has been providing additional ring fenced funding to improve the provision of PE and sport in primary schools. The money has been provided by the Departments of Health, Education and Culture, Media and Sport.

Here at St Edward's Academy (CE) Cheddleton, we are constantly looking at ways of improving and enhancing the opportunities we offer to our pupils. We are now in the last year of guaranteed funding and are interested in your opinion.

Being healthy, both physically and mentally, is essential to life-long health, happiness and academic achievement. As a school, we currently offer quality PE lessons, Forestry sessions, the daily mile and active learning across the curriculum, which help to educate and promote the importance of being physically and mentally healthy.

To help us achieve our aims and improve our vision we would very much appreciate feedback from yourselves and your children with your views and ideas. This is an opportunity for you to comment both on the current PE provision at our school and what you might like for the future. This applies to PE that is taught in the school day, after-school sport provision, competitive fixtures and general health and physical activity opportunities.

We would welcome positive feedback as well as areas for further development.

Please email the office or write your comments and let me have back as soon as possible please.

Yours sincerely

Mr J Carter  
**PE Lead**
