

'What our parents say about us...'

We couldn't be happier with how our daughter has settled into school.

Hard working committed and dedicated team.

Friendly atmosphere and the children enjoy coming to school. Staff are available to discuss concerns.

Children were engaged and enthusiastic in the lesson.

Staff demonstrate the school values through words and actions, ensuring children feel safe and valued as part of the school family.

Teaching staff are caring and passionate about learning.

Children are at the heart of everything.

Thank you for helping my child to settle and feel he belongs.

'Parents comments from Worship/RE Watch Me Learn...'

Mrs Huckfield involved all the children and encouraged them to speak up in front of everyone.

Lovely service by Mrs Huckfield.

A very child friendly approach – the children know the prayers etc. thank you for letting us be part of it.

Made the Bible into everyday life to make it easy to remember.

A very child friendly approach – the children are very routine and know the prayers etc. thank you for letting us be part of it.

All children were able and allowed to share ideas.

Brilliant, love to see more.

So lovely to see the children in assembly. It shows how much they take in as they all joined in throughout.

'Parents comments from Writing Watch Me Learn...'

Lovely lesson and class,
Miss Gratton is brilliant,
She gives all the children a
chance to answer
questions.

Great teaching
style, all
children looked
interested.

Fantastic to have a better
understanding of how my child
is taught. Great to also see the
lovely classroom environment.

Really good as always, so
lovely to see how much
the children have come
on.

I was very impressed with the
general behavior and attitude
towards learning. Very
informative to see what they
do and how they work.

Lovely to see a
session in the
classroom and the
choices they can
make afterwards.

It was lovely to watch
the children with their
writing abilities.

It was lovely to come and
watch the English lesson.
Would love to watch a
Math's one sometime.
