

Nursery SEAC Mental Maths Homework for Summer Term 1

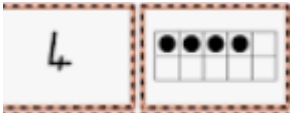

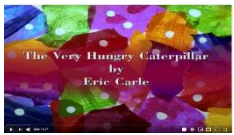

This half term your child will be working on these targets
in their mental maths learning.

Subitising up to the number 3
Forming numbers up to 5

The minimum expectation of engagement in mental maths homework is the same as reading.

3 times a week for at least 5 minutes each session. Below are some suggestions for activities you could do in a 5 minute session.

Verbal	Practical	Written
<p>Sing counting songs up to five, for example '5 little monkeys'.</p> <p>https://www.youtube.com/watch?v=VTmmoaO2MU</p>	<p>Using a dice, can your child recognise the number of dots up to 3 on a dice face without counting?</p> <p>Cover numbers 4,5 and 6 up as not needed.</p>	<p>Draw around your hand, numbering each finger in number order.</p>
<p>Cutting fruit or veg into numbered pieces, can your child tell you how many pieces you have cut?</p>	<p>You shout out a number E.g 2 and your child has to jump 2 times.</p>	<p>Practising number formation up to 5, then cut each number out and re order correctly.</p>
<p>Make snap cards (1 set with numbers 1-3 then 1-5 and the other pictorial dots) can they match the cards together? Then play snap!</p> 	<p>Using every day house hold objects, can your child find the number you asked for? E.g Find 3 pencils.</p>	<p>Using a paint brush and water, can you draw the numbers 1-5 on your path, driveway or wall?</p>
<p>Show groups of objects, E.g 4 Lego pieces, ask questions to question your child's answer. E.g How do you know there are 4 pieces? What can you tell me about the number 4?</p>	<p>Play the underwater counting game on Top marks.</p> <p>https://www.topmarks.co.uk/learning-to-count/underwater-counting</p> 	<p>Can you draw in soil, sand or gravel the numbers 1-5?</p>
<p>Read or listen to a story that counts up to 5. Can your child count the objects as the story goes along? ONLY use the pages in the story up to 5.</p> <p>https://www.youtube.com/watch?v=75NQK-Sm1YY</p> 	<p>Find items in your garden, E.g 5 stones, 3 leaves, 1 plant pot.</p>	<p>Using bingo dabbers or finger paint can you form numbers 1-5 with dots?</p>

Please inform us of 1 activity you complete each week on your child's portfolio on DOJO, we will check your homework every Monday. Thank you, EYFS Team.
