

Learning and Caring Together,
“...they will flourish in the courts of our God.” (Psalm 92:13)

Tuesday 4th June 2024

Dear Parents and Carers,

At SEAC, the personal development of our children is an integral part of their learning journey. Our goal is for every child to grow holistically, preparing them to thrive not only during their time with us but also as they move on from us and beyond into adulthood. Over the years, we have fostered this growth through various means, such as the planting of the orchard or the sleepover in year 2 and year 3, all of which have had a positive impact on the child as a 'whole'.

As a way of celebrating what the children achieve at St Edward's, we are now collating their personal development into their individual '**101 Things to Achieve at SEAC**' Personal Development Passport (PDP). This comprehensive booklet highlights the many opportunities our children experience throughout their time at St. Edward's CE Academy. The children have opportunities to meet many of these objectives through subject teaching and learning and our extensive range of wider curriculum opportunities too. Additionally, some objectives may be achieved at home.

You can find an electronic version of our St Edward's Personal Development Passport on our website (<https://www.stedwardscheddleton.co.uk/personal-development-passport/>). If your child achieves any of the objectives at home, please send a photograph to your child's class teacher (via their Dojo portfolio). Home achievements will be shared with the class, either at the time of sending or during the scheduled PDP review and celebration sessions on the last Friday of each half term.

Your child's Personal Development Passport will be available for you to see with their other workbooks at Parents' Evenings / meetings throughout the year and will be presented to your child as part of their leaver celebrations.

Warm regards,
Mr Carter
